

We have limited time! This is our last week for the bill in the House.

If we don't act now (call!), then this bill dies and so will more children over the next year.

Pray. Call. Right now. Here's the info.

 EMERGENCY CALL TO ACTION 

House Bill 570, which would establish equal protection of the laws for preborn babies, has been assigned to the Tennessee House Population Health Subcommittee.

Please **CALL** and **EMAIL** the below Subcommittee members and ask them to **PASS** House Bill 570 out of Subcommittee.

Over 15,000 Tennessee preborn babies are still murdered every year. House Bill 570 would protect every preborn baby from abortion in Tennessee.

Chair Michele Carringer
